Additional Information (1)

The Proposed amendment to opening hours for Grainger Town and Dean Street Multi-Storey Car Parks has now been approved and will operate on a 24 hour basis on both Saturdays and Sundays and will begin from Saturday 7th November.

This will see a 50p per hour parking charge from 19:00

This will be a 6 month trial and if successful may be extended to other nights or Multi-Storey Car Parks

To view the documents relating to this order, please email streetworks@newcastle.gov.uk or telephone 0192 278 7878 to request a copy.

Additional Information (2)

Planned City Centre Road Closures – February & March 2026

Newcastle City Council are proposing highway improvements along the **Central Gosforth Corridor on Great North Road**, which form part of Newcastle City Council's **Bus Service Improvement Plan (BSIP)**. The proposals relate to the section of **Great North Road between the south of Moorfield and up to Christon Road** and are intended to improve **bus reliability, road safety, and conditions for pedestrians and cyclists**, while supporting more sustainable travel.

The following measures are proposed along the corridor:

- Introduction of a **20mph speed limit** on Great North Road from the **existing start of the 30mph speed limit just south of Moorfield** up to the **existing 20mph limit just south of Elmfield Road**.
- Installation of a **new signal-controlled Puffin pedestrian crossing** on Great North Road **between the junctions of Graham Park Road and The Poplars** to provide a safer crossing point.
- Introduction of a **northbound bus lane** for approximately **100 metres from the junction of Great North Road with Graham Park Road**, and remove the existing pedestrian refuge along this stretch.
- Introduction of a further **northbound bus lane from the junction of Great North Road with Salters Road and Church Road up to Christon Road** to improve bus journey times and reliability.
- Introduction of a **yellow box junction** at the **junction of Great North Road with Salters Road and Church Road** to help keep the junction clear and reduce congestion.
- Changes to **turning movements at West Avenue**, including a **banned right turn out of West Avenue**, a **banned right turn into West Avenue**, and a **banned left turn into West Avenue**, with **exemptions for cyclists** to maintain access and permeability.

These proposals aim to **improve safety for all road users**, support **reliable public transport**, and respond to issues identified along this key corridor.

Plans showing the proposals are attached for your reference.

Further information about the BSIP can be found at: <https://northeast-ca.gov.uk/how-we-work/transport/bus-service-improvement-plan>

You can share your support, opposition, and any comments you might have about these plans by going to new.newcastle.gov.uk/travel/yoursay until **11:59 pm on 05 February 2026**. Comments received after this date cannot be considered.

Please include the reference **TM051-G98-JF**, in any comments.

For any questions regarding the proposals, please email traffic.consultation@newcastle.gov.uk.
